### **REASONS for ALLOWANCE**

1. The following is an Examiner's statement of reasons for allowance.

**Claim 1** is allowed.

**Claim 1** recites novel features comprising:

a self cleaning camera with at least one lens, and

at least one scoop channel enclosure with an intake and an output, the intake being located on the leading side of the lens, and the output underneath the lens, so that the rotation of the camera causes air to be redirected upward across the face of the lens.

The prior art of record fails to anticipate or make obvious the novel features (emphasis added on underlined limitations) as discussed above.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
